LaBelle Chelito, a dancing girl of Spain, while singing at Granada, was loudly called upon to sing "The Flea," a censored song. She announced that she could not, the Governor having ordered its suppression and the executive being present. One of the young men, a son of a Marquis, raised such a disturbance that the Governor had him put out. Later an attempt was made by the boy's father to have the Governor removed, but he was finally sustained by the Premier. The flea the boy wanted was one of the very wicked kind.

The Danger After Grip

Lies often in a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore to health and good spirits after an attack of Grip. If suffering, try them. Only 50 cents. Sold and perfect satisfaction guaranteed by All Druggists.

To Clean Up Chicago.

Chicago has begun a vice crusade. States Attorney Wayman declares he intends to close up every disorderly resort in Cook county and banish every immoral character from his jurisdiction. More than 200 warrants were taken out Thursday.

Puts End To Bad Habit

Things never look bright to one with "the blues." Ten to one the trouble is a sluggish liver, filling the system with bilious poison, that Dr. King's New Life Pills would expel. Try them. Let the joy of better feelings end "the blues." Best for stomach, liver and kidneys. 25 cts. Advertisement.

SULZER WINS.

Syracuse, N. Y., Oct. 4.—After a bitter fight, the Democratic State convention nominated for Governor of New York, Congressman William Sulzer on the fourth ballot. Gov. Dix was the contending candidate.

"Have you ever seen a copy of the Cortright Metal Shingle Advocate, that little magazine issued by the Cortright Metal Roofing Co. of Philadelphia? If not you ought to send them your name and address. It is full of interesting information about roofing, and has a lot of other data that is well worth reading. Just tell them that you saw this notice in the Hopkinsville Kentuckian." Advertisement.

PRIZES WON BY WOMEN.

Miss Birdie Wise, who won the Failing prize of \$150 in the recent annual oratorical contest at the University of Oregon, has agreed to deliver her oration throughout the state during the summer. She was a member of the graduating class of the university, is the president of the University of Oregon chapter of the college of equal suffrage, and selected woman suffrage for her subject. The other prize offered in the contest, the Beckman prize of \$100, was also won by a woman.

HER SPECIALTY.

"What beautiful burnt wood work you have."
"My daughter did 'em. She's considered a fine pyromaniac."

In the Miffit Maio Region.
"I believe," said a Billville author, "that if we finally reach Paradise we'll worry about having to fly too high and sing too often, and some folks will complain about the streets of gold because the hard pavement may hurt their feet."—Atlanta Constitution.

ROPES GIVEN SEVERE TESTS

Italian and Manila Hemp Most in Favor Among Mountaineers of the Alps.

The ropes used by Alpine climbers are of special manufacture, combining as far as possible the different qualities of strength, flexibility and lightness. Three qualities are in general use, being made from sisal, Italian and Manila hems respectively, and occasionally, when cost is not a consideration, of silk. The latter, though very light and strong, is not so durable as the others. That which finds most favor among British mountaineers is known as Buckingham's Alpine rope; it is made of the best Manila hemp.

In the year 1864 a committee of the Alpine club made tests upon a number of ropes suitable for mountaineering. Of the two that were approved one was made of Italian hemp and the other of Manila. They both had a breaking strain of two tons and sustained the weight of a 168-pound man after falling from a height of ten feet. Non-mountaineers have sometimes considered this insufficient, but it is highly problematical whether the human anatomy could survive the sudden compression of a thin rope arising from any greater fall.

NATURE DEMANDS A CHANGE

Craving for Amusement is Natural and Must Not in Wisdom Be Withheld.

Social students have often noted that lack of amusements leads to immorality. They might have added that lack of amusements leads to other less serious, but quite as absurd consequences.

Ten thousand girls a week go to the fortune teller because their workaday lives are so dull and drab that they must needs seek amusement in dreams and visions.

The shrewd "clairvoyant" knows this. He—or she—may not state the generalization in words, but he practices it. His standing announcement that the caller is "going to make a change" is one case in point. The condensed version of a Laura Jean Libbey romance which he deals out to his dupes is another.

The average human being needs not only food, clothes and shelter, but a bit of excitement as well. If he doesn't get it one way, he does another.

SERIOUS BRITISH PROBLEM.

Not least of Britain's social problems is the increase of the feeble minded. There are already more than 150,000, a majority of whom drift in and out of the workhouses and prisons, unable to support themselves or to live decently, and Prof. C. G. Crosley states that nearly half are now in need of special care and control. Their birth rate averages seven per marriage, that of normal families being only four. It is urged that such persons as endanger society be placed under state control in suitable colonies, where agriculture and other work would make them comfortable and self-supporting.

GERMAN WOMEN IN OFFICE.

Germany has 11,000 women filling honorary offices in cities and on charity boards. In 165 municipalities 7,000 women are in active service for the care of the poor and orphans. In 115 towns there are women serving on the school boards. The Union for Motherhood Protection is said to be the only woman's organization which receives the approval of the Kaiser. This society was founded by Frau Stoecker and numbers its members by the thousands, including every class and condition, men and women, in Germany.

EVEN BREAK.

Briggs—A man cannot purchase happiness.
Griggs—Not outright, but he can take a chance at it with the minister's fee.

TERM EXTENDED.

"Do you expect to go as far as to the terminal on that line of cars?"
"Oh, we're going further than that. We're going right on to the end."

HER ALIBI.

"Mary, you burned the soup today."
"Well, you see, ma'am, the weather's so hot that anything's apt to get burned."

Not An Experiment.

Paint Lick, Ky.—Mrs. Mary Freeman, of this place, says: "Before I commenced to take Cardui, I suffered so much from womanly trouble. I was so weak that I was down on my back nearly all the time. Cardui has done me more good than any medicine I ever took in my life. I can't possibly praise it too highly." You need not be afraid to take Cardui. It is no new experiment. For fifty years, it has been found to relieve headache, backache, and similar womanly troubles. Composed of gentle-acting, herb, ingredients, Cardui builds up the strength, preventing much unnecessary pain. Try it for your troubles, today. Advertisement.

Farmers On Jury.

Ten farmers and two grocers are on the jury to try the dynamiters at Indianapolis. Not only evidence of the alleged illegal interstate shipment of dynamite and nitro glycerine but also evidence as to what was done with the explosives will be submitted.

List Still Grows.

With 50,000 persons watching him at the interstate fair grounds Thursday afternoon, Charles F. Walsh, while making a spiral descent in a biplane, fell 2,000 feet at Trenton, N. J.

New President.

John Buckingham, of Paintsville, was elected President of the State Bankers' Association.

Ten Killed.

Ten persons, five of them women, were killed in a railroad wreck at Westport, Conn.

Almost A Miracle.

One of the most startling changes ever seen in any man, according to W. B. Holsclaw, Clarendon, Tex., was effected years ago in his brother. "He had such a dreadful cough," he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's New Discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 218 lbs. For many years our family has used this wonderful remedy for Coughs and Colds, with excellent results." It's quick, safe, reliable and guaranteed.
